

MAHESH

Graphic Designer

I've been a graphic designer for 7 years, I was 20 when I fell in love with graphic design and this relationship still continues. My first design was a website for friend of mine. I was very satisfied with it and thought how brilliant and modern it was. When I look at it now. I can't believe that my hands made something like this. I have completely changed my style, now I try to make modern, creative, simple and timeless designs.
